

NATIONAL UNIVERSITY OF SCIENCE AND TECHNOLOGY

The University seeks to recruit applicants with requisite skills and experience for the following posts in the Faculty of The Built Environment: -

1. LECTURESHIP/SENIOR LECTURESHIP/ASSOCIATE PROFESSORSHIP (9 POSTS)

Department of Architecture

Applicants must have at least a post-graduate Bachelor of Architecture Degree or a Master's Degree in Architecture or an equivalent qualification. Registration with Architectural Professional Bodies will be an added advantage. They should be competent to teach a wide range of modules covering the basic elements of Architecture such as Design Studio, Construction Technology, Materials and Structural Design, Environmental Services, Sustainable Design, Computer Aided Architectural Design and Building Information Modelling (BIM); and Management and Practice.

Candidates with more specialized skills in the areas of Building Construction, Building Services and Structural Design should have a Master's Degree in Architecture, Building Technology or Civil Engineering in a field related to one or more of the above 3 modules. They should have experience in teaching or working in the construction industry that demonstrates a broad knowledge in the above listed specialised modules.

Evidence of scholarly and professional contribution which includes a portfolio of major design works may be required.

2. LECTURESHIP/SENIOR LECTURESHIP/ASSOCIATE PROFESSORSHIP (3 POSTS)

Department of Property Studies and Urban Design

Applicants must have at least a Bachelor's Degree, Master's Degree or PhD in any of the following disciplines: Property Development and Estate Management, Real Estate, Social Policy & Development Studies, Landscape Architecture or Construction Management.

The successful candidates should be able to teach the following courses, both at postgraduate levels: Development Modelling and Risk Analysis, Quantitative Financial Analysis, Investments, Real Estate and Infrastructure Finance, Advanced Valuation and Investment Analysis, Theory and Practice for Landscape Architecture Construction; Studio for Urban Design, GIS for urban Design and Land Services. In addition, they will be expected to supervise students at these levels.

3. LECTURESHIP/SENIOR LECTURESHIP/ASSOCIATE PROFESSORSHIP (5 POSTS)

Department of Construction Economics and Management

Candidates must have at least a Masters Degree or MPhil in Construction Project Management, Construction Management or Quantity Surveying or Construction Economics with postgraduate experience in practice, research or higher education. A Doctorate would be advantageous. Candidates should be capable of teaching across a range of traditional and contemporary subjects such as Research Methods, Theory and Practices of Construction Management, Sustainable Construction, Safety, Health and the Environment and Project Planning and Resources Management. Candidates that are registered with a professional body have an added advantage.

APPLICATION PROCEDURE

All applications will be treated in strictest confidence. Applications, which should include a curriculum vitae (giving full personal particulars of applicant including full name, place and date of birth, qualifications, employment and experience, present salary, telephone numbers and the names, addresses (including email) and telephone numbers of three <u>contactable</u> referees) and copies of certificates must be addressed to:

The Senior Assistant Registrar (Academic) Human Resources Department National University of Science and Technology P O Box AC 939 Ascot Bulawayo, ZIMBABWE

and emailed to: <u>recruitment@nust.ac.zw</u> in a <u>single pdf file</u> clearly indicating the position being applied for in the subject line.

The National University of Science and Technology is an equal opportunities employer. In the interest of promoting gender parity, female candidates are encouraged to apply.

The closing date for receipt of applications is Friday 6 November, 2020

ONLY SHORTLISTED CANDIDATES WILL BE CONTACTED.
